## THE OHIO AND INDIANA ELECTIONS.

The elections which took place in Ohio and Indiana yesterday have resulted in a crushing victory to the Republicans. There have been remarkable Republican gains in Ohio, the majority in the State being estimated at from 18,000 to 25,000, with a gain of five or six Congressmen and a large majority in both branches of the Legislature. This result will come with crushing force to the Democrats as they have been inspiring the party with the belief that the State was doubtful, or if carried at all by the Republicans it would be by a reduced majority. The result in this State is one which fills the Republicans with pride and which secures to Garfield by a greater majority than the Republicans have received since 1872, when Grant carried it by 31,000.

The victory in Indiana for the Republicans may be less sweeping than that which was made in Ohio, but nevertheless it is a grand victory. The Republicans fought the battle against great odds. They had to contend with repeaters, shoulder-hitters and tramps and against tens of thousands of dollars sent there by Democratic managers in the East. In 1878, the Democrats carried the State by 14,000 majority, and yesterday the Republican Governor was elected by a majority of from 2,000 to 4,000. The figures are grandly encouraging to the Republicans, and with this victory in hand, the State may be set down for Garfield in November.

General Hancock has decided not to tackle General Grant's memory. This is a wise decision.

There are 101 cases on the docket of the Supreme court of the United States. It will take several years to dispose of all the cases.

The product of silver in the United States for the past year is said to be 28 millions dollars. The coinage at the mints amounts to 23 millions.

Kansas talks of giving Garfield 50,000 majority. Kansas is a big State in enterprise, crops and Republicans, and its 50,000 majority for Garfield, would not be a surprise.

The Democratic managers in the little State of Delaware have been told that if they do not manage better, they may lose that State. What! Delaware becoming shaky to the Democrats?

General Walker, superintendent of the census, has decided not to order a re-enumeration of the census in South Carolina. A recent investigation into the alleged frauds is said to show that the census of 1870 was badly taken, while that of 1880 was comparatively correct.

A Republican club was organized at Atton, Texas, on Tuesday evening, of which A. C. Powers is president and Mr. E. C. Burdick is secretary and treasurer. At that time Mr. A. H. Baxter and Mr. B. T. Dunwiddie, of this city, held a meeting at that place, and made speeches worthy the time, the place, and the speakers. The attendance was large, and the enthusiasm and spirit of the right temper. The club will be uniformed, and will do good work from this to the election. The Republicans in the towns in Rock county are wide awake, and take more interest in the organization of clubs than do the Republicans in the cities. The towns are preparing for a big Republican majority in November.

Last week there were bids received at Austin, Texas, for plate glass in the United States court house. There were five bidders for glass of American manufacture, the lowest being that of the De Ruys, of Indiana, who recently abandoned the Democratic party and declared for Garfield. In order to beat the American manufacturers, a foreign bidder bid \$1,593.74, four dollars less than the De Ruys, or with the duties remitted, the foreign bidder offered to furnish the glass for \$1,062.60. From this simple business transaction, it can be easily imagined what effect the Democratic policy of free trade would have, providing that party got control of the government. Take the duty off glass, and the glass factories of the United States would close their doors and discharge their help.

On Friday evening there will be a Republican meeting in the town of Turtle. It has been reported that Mr. Clint Babbitt, the Democratic candidate for Congress in this district, wishes an opportunity to attend that meeting for the purpose of giving the Republican speakers some hard nuts to crack. Mr. Babbitt has the fullest liberty to attend the Turtle meeting. We trust he will not fail to be there. Every Republican in Turtle will be happy to see him there, and will give him a cordial greeting and the chiefest seat in the house. Mr. O. H. Fethers, of Janesville, will be there to give some reasons why General Garfield should be elected. He will take great pleasure in meeting Mr. Babbitt at that time, and will be glad to undertake the job of cracking any political nut he may want cracked. We hope Mr. Babbitt will not stand upon the order of his going to Turtle. It will be a good place for him to spend a couple of hours, and dispose of his Democratic conundrums.

Several months ago the Gazette made mention of an enterprise being set on foot in Philadelphia to purchase a comfortable home for Mr. Francis Murphy and his children. At that time it was thought the scheme would be successful. A house was bargained for by a committee organized for that purpose, for which the sum of \$8,000 was to be paid. The committee was confident of raising the amount, and at its request Mr. Murphy occupied the house where he and his children were re-arrested for the first time since his discharge from imprisonment. But the committee failed to secure the \$8,000, and the great temperance reformer and orator has been compelled to leave the house. Now he is worse off than before. He advanced about \$1,500 toward the purchase, and spent quite an amount in doing some repairs, which will prove a serious loss to him. It is to be regretted that the kindly intention of providing this great lecturer with a comfortable home could not be realized. For three or four years, he has thrown his whole time and energy into the temperance work, and has been the means of delivering many hundreds from the thralldom of that vice. His march from the prison to the platform has been a triumphant one, and no temperance reformer of this generation has done more good work than he.

A gentleman in Milwaukee has made a bet that if Hancock is elected, gold will be at a premium within thirty days after the election. There are very many who will regard this as a very foolish bet, but it has some significance. It is known that General Hancock is a soft money man; that is, he favors the Greenbackers' theory of paper currency. This being the case, and should the Democrats have both branches of Congress, there is danger that he would greatly disturb the financial condition of the country. With a Democratic President and a Democratic Congress, there is no telling what would be done with the finances and the pledges of the government. This would make capitalists uneasy and business uncertain. No one could tell what would become of government bonds, or what kind of a paper currency we would have. For those reasons many will improve the opportunity to get gold for their bonds or paper currency, and hoard it so as to be on the safe side if a rise shall take place. We do not say these things will occur, but there is a well grounded fear in business circles that this state of things will come to pass if the Democrats carry both the Presidency and Congress. The more the finances of the country are disturbed, the more uncertain will become the value of bonds and paper currency.

## THE STATE PRISON.

The annual report of the warden of the State prison will soon be published, and from advance sheets we are enabled to give our readers some information of general interest regarding the condition and management of that important institution. The net assets on the 30th of September of the present year, were \$14,377, and the receipts during the fiscal year which ended at that time were \$21,527. This amount was received from M. D. Wells & Co., of Chicago, to whom the convict labor has been let. The total amount, however, received by the prison during the whole year, was \$27,873. The average earnings per convict per day was 26 cents, and the average daily work was 10 hours and 17 minutes.

The prison received during the fiscal year 117 males and 4 females. The number discharged during the year is as follows:

Males.....	143
Females.....	4
Died.....	1
Remitted to State.....	1
Remitted to County.....	1
Remitted to Prison.....	1
Total.....	153

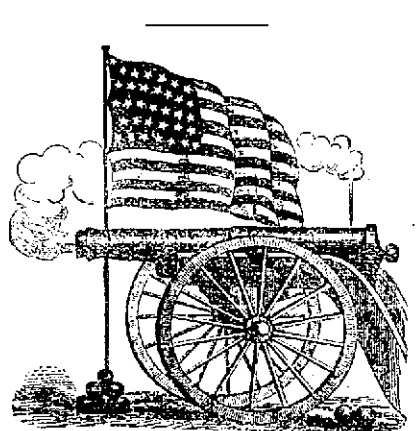

The total number confined in prison on the 30th of September, 1880, was 270 males and only 7 females. This is 39 less than for the year previous, and 76 less than for 1878. There were 53 convicts in the prison last year whose sentences ran for life, and five of these were received during that year. Since then two have been removed to the hospital for the insane, two have been discharged by order of the courts, and the Governor has pardoned two. The number of life members remaining in prison at the present time is 47, and the total number received at the prison since its organization is 102. The disposition of these has been as follows:

On Governor's Pardon.....	30
Order of Habeas Corpus.....	2
Order of Supreme Court.....	8
Order of Secretary of War.....	1
Remitted to House of Correction.....	1
Died.....	1
Remitted to Prison.....	1
Total.....	55

It is said that of the life members pardoned, the longest term served was seventeen years, and the shortest, two years and nine months. The oldest life member in the prison is 90 years of age, and he has served 23 years.

The State is to be congratulated upon the present management of its prison. The readers of the Gazette have not forgotten the time when this institution was a source of great expense to the State. Every year the Legislature was called upon to pay an indebtedness of from \$18,000 to \$25,000. The prison was constantly running behind, and some one reaping the benefit. But in 1873, the Legislature became satisfied that a change should be made, and accordingly the system of management was materially altered, which proved a fortunate thing for the State. Since then, and especially since the convict labor has been let to Wells & Co., the prison has been more than self sustaining.

INDIANAPOLIS, Oct. 13.—The morning dispatches indicate Porter's probable majority at ten thousand. The Republican gain in this city is one thousand. De La Matyr is defeated.

INDIANAPOLIS, Oct. 13, 11:40 A. M.—The Republicans gain in 390 precincts is 3,282. Reasonable Democrats are now conceding the State by two thousand majority.

INDIANAPOLIS, Oct. 13.—English's claims Lander's election by two thousand majority. Peale, Republican, has beaten both De La Matyr and Ryfield. The Republicans are claiming nine of the thirteen Congressmen, and fifty in the State Legislature, conceding the Democrats forty; ten in doubt. Postmaster Hallowsay says the majority in the State will be over five thousand.

COLUMBUS, O. Oct. 13.—Republicans claim sixteen Congressmen. Concede Democrats the remaining four.

THE LATEST.  
INDIANAPOLIS, Oct. 12.—Lauders now concedes Porter four thousand majority. COLUMBUS, Oct. 13.—The Democrats claim a net gain of 5,923 over Porter's majority. The Republicans still claim twenty to twenty-five thousand majority.

## HEADQUARTERS.

Special to the Gazette.  
New York, Oct. 13.—The host of feeling prevails at the Republican headquarters. It is freely asserted that Garfield's election, and the recovery of the House of Representatives is also predicted.

## OPINIONS.

The Opinions of the New York Press on the Election.  
Special to the Gazette.  
New York, Oct. 13.—The Tribune estimates Indiana Republican by 2,000 majority. Senator Dorsey telegraphs claiming from 3,000 to 5,000. The Times claims Ohio by 20,000 to 25,000 majority. The World has no special from Indiana. The Sun says it is doubtful. The Herald's postscript says Porter's plurality is from 1,000 to 2,000, and says editorially that Garfield will be the next president.

## IN EUROPE.

Special to the Gazette.  
LONDON, Oct. 13.—In consequence of the Republican victory in Ohio and Indiana, the United States securities are advancing.

## VICTORY IN OHIO.

CLEVELAND, Oct. 12, Midnight.—The indications at this hour are that the Republicans have carried everything in this State by a majority unprecedented since the war. From 359 wards and comes a net Republican gain over 1879 of 1,740, which, if increased at that ratio, will give the State to the Republicans by 30,000. The utmost enthusiasm prevails, and at this hour 3,000 men are assembled at Republican headquarters in the armory, singing campaign songs and listening to speeches. Each announcement is received with the wildest demonstrations of enthusiasm. Old men, solid business men, ministers of the gospel and professional men join in the jubilee; for they realize that Ohio has given her verdict in thunder tones which will be heard from Maine to Texas. Ohio is safe, sound and solid, and all the power of the Democracy cannot prevail against her or prevent her from giving an unparalleled majority for her favorite son in November.

COLUMBUS, Oct. 12.—The polls closed all over the State at 6 o'clock, and all advice and indications at this hour are that one of the heaviest votes has been polled in the history of the State. In 1879 the total vote was 1,000,000. For Governor, 836,231; Ewing, Democrat, 319,182; Platt, National, 9,072; Stewart, Prohibition, 4,445; Foster's majority over all, 3,352, plurality, 17,129.

## TRIUMPH IN INDIANA.

INDIANAPOLIS, Oct. 12, 10:30 P. M.—The returns so far in, it must be remembered, are from small country precincts, and with few exceptions, show small but steady Republican gains. It is in Terre Haute, New Albany, South Bend, Richmond, Indianapolis, and other large manufacturing towns that the Republicans expect the big gains that are to overcome the Democratic majority of 1876. Nothing can be positively predicted as to the result until the vote of these towns is in. In this city the Republicans certainly have gained. Shelby has just telegraphed from Terre Haute that the Republican gain will be over 2,000 and Mr. English's committee concede a gain there, too, while private dispatches to Mr. Porter assure us more than we expected in the cities named.

INDIANAPOLIS, Oct. 12.—11:30 P. M.—The Republicans are marching through the streets singing and shouting over the news from Ohio and the brightening prospects here. Mr. Dorsey, who has refused up to this time to estimate the result in figures, now claims Porter's election by 5,000. The Republicans majority in this county will not be less than 2,500. John C. New says "We have carried Vigo county and Perry Hanks a gain of 600." In Allen we gained 1,000, and Mr. Dorsey has private dispatches from over half the counties in the State showing probable Republican majority gains.

## WEST VIRGINIA.

RICHMOND, Oct. 12.—Returns from the State come in slowly, and there is nothing as yet which indicates clearly the change from last year's vote. Returns from several precincts of the city and county indicate that the Republicans have made decided gains, and all indications point to a largely increased vote through the State.

## "ONE BY ONE."

MILWAUKEE, Oct. 12.—G. H. Hanson, agent of the Goodrich Transportation company in this city, and a life-long Democrat, declared his intention to-day to vote for Garfield and Arthur. He says under Republican rule the country is prospering, and he does not want a change. This announcement of Mr. Hanson will have great effect on the old Third ward Democrats of this city.

## THE MARKETS.

Special to the Gazette.  
CHICAGO, Oct. 13.—Wheat, corn and oats all advanced. Stocks average 3 cents higher.

## FIRE!

Special to the Gazette.  
DETROIT, Oct. 13.—By the explosion of oil in the old warehouse this morning, it was burned down, and five firemen severely injured. The postoffice and a half dozen business places burned at Stoughton, Michigan, this morning, with a loss of \$20,000.

When the Democrats reported that Ohio was "uncertain," probably they meant it was uncertain whether the Republican majority would be 15,000 or 20,000. That is the most charitable construction that can be put on the report.

## CENTER.

—The lecture given on last Friday evening by the Grand Worthy Chief Templar of Wisconsin, was the finest one we have ever had the pleasure of listening to. The audience was called to order by the W. C. after which a song was sung by the male quartet in a manner most complimentary to the singers. The speaker was then introduced, and held the audience spellbound for an hour, after which they showed him with applause. Brother S. C. Burdum, of Janesville, was then called on and made some very fitting remarks, and also introduced a paper published by the speaker. Quite a large number subscribed for it. The audience was dismissed with benediction by Elder H. T. Morrison.

—We understand that Mrs. E. F. and Miss Irene Fockler are expected to return home soon from their western trip.

—At a meeting of the Young America Agricultural Society the following resolutions were passed:

Resolved, That a vote of thanks be tendered to Hon. H. A. Patterson for his speech delivered at the fair.

Resolved, That a vote of thanks be tendered to Mr. Seth Fisher for the use of his grounds and for all other favors done the Society.

—The Temple of Honor is in a flourishing condition. Their next election of officers will take place Saturday evening, October 23. Let every member be present.

—Mr. L. A. Peckham has lately purchased a very fine trotter.

—Our school the coming term is to be taught by Miss Mary Snyder, of Richland Center, and when placed in the hands of so competent a teacher it cannot prove otherwise than a success.

—Miss Lucie Wallihan intends to return to her home in Illinois this week. Miss Wallihan has made many friends in Center, all of whom will regret her departure.

—Quite a number of our young people attended the select party given by Miss Edith Silverthorn, last week, and all spent a very pleasant evening.

—Our pastor, Elder T. H. Morrison, has lately removed to Footville, where he will make it his future home.

—The young people's mutual improvement club held their last meeting at Mr. George Clandams. The programme was carried out most excellently, and was all owing to the President. After the exercises were over Mr. Warren Collins, of Janesville, produced one of his young hand organs, and amused the company for a short time.

—We noticed in last week's issue, some mistakes in regard to the name of those who succeeded in carrying off first prize at the fair. It should read as follows: Matched horses under 5 years, Fred Fuller, first prize; P. Wallihan, second prize. Cattle, including Mr. Drew, Hop, skip and jump, Stanley Braden.

—Anyone in want of good lumber can be supplied at the Young America Lumber yards. Just call at the president's office, Mr. M. C. Parmenter. He will give you an order and Grant Fisher will wait on you at the yard.

—Mr. Arthur H. Jones, of Richland Center, is in town again the guest of Ira Parmenter, Esq.

—Mr. A. L. Fisher has lately purchased of Mr. Seth Fisher, 70 acres of land joining him on the west. This makes for Mr. Fisher one of the finest farms in Center.

Is it not extraordinary that the first thing in a boat is the "Leak" and the first thing in the world to cure Dyspepsia and Bilious complaints is Spring Blossom. Sold by A. J. Roberts and Croft & Sherer.
